

**Purpose:** The City of Brooks Library Board endeavors to provide materials, equipment and services in a form appropriate to the user, from whatever source is available.

Provision of library materials to persons unable to use conventional print materials, including provision in cooperation with the (Provincial Government) Libraries Branch, and Community Agencies.

The City of Brooks Library Board endeavors to supply to our users materials in an adapted format as needed including but not limited to:

- Computer software and databases
- Talking Books
- Multilingual titles
- Large Print titles
- Adaptive technology for computer use

The City of Brooks Library Board will provide access to materials through such means as, interlibrary loan, (Provincial Government) Libraries Branch, liaison with the community, or support agencies in order to put the end user in touch with the source.
